SAN Membership

It's that time of year again to renew your SAN membership and register for the annual SOUTHEASTERN ASSOCIATION OF NEONATOLOGISTS, INC. Conference. Your SAN membership must be renewed each year before the May conference.

If any SAN Conference attendees have **3rd year fellows** joining their practices, please invite them to attend this year's conference. The \$450.00 Registration Fee will be waived for all 3rd year fellows. In addition, a limited number of **scholarships** are available to third year fellows to cover all meeting, travel, and hotel costs. Please submit names of applicants before February 15, 2012, to be considered for these scholarships. Scholarship recipients will be asked to give a brief description of their research and practice interests at the Annual SAN Business Meeting.

Visit our organization's website frequently: <http://www.southeastneo.org>.

Why Join SAN?

Your membership will enable you to:

- ★ Attend an outstanding educational meeting with reduced registration fee, earning 17.00 AMA PRA Category 1 Credits™.
- ★ Develop personal networking throughout the region.
- ★ Participate in forums for discussion of neonatology practice issues.
- ★ Join 600 other Southeastern neonatologists in providing a stronger voice to influence national and regional issues affecting neonatology.

Mission Statement

The mission of the SAN is to bring together neonatologists in the Southeast to improve the practice of Neonatology through education, and to provide a forum for networking and discussion of issues affecting the practice of Neonatology on a local, state and national level.

Accomplishments

- ★ Twenty-six year history of bringing neonatologists from the Southeast together to foster the development of closer working relationships among university-based and private practice neonatologists by addressing issues common to both
- ★ Sponsors an annual educational conference led by nationally known speakers concerning timely and important medical developments and management issues
- ★ Successfully lobbied the ONTPD against the idea of creating a clinical Neonatology track with limited fellowship training
- ★ Successfully lobbied against the Premier contract which would have excluded physician choices in selecting infant formulas
- ★ Helped organize Alabama and Florida neonatologists to formulate a simplified insurance reimbursement plan and non-exclusionary regionalization plan in their respective states
- ★ Assisted neonatologists in South Carolina in successfully lobbying for more appropriate reimbursement from specific third-party payers
